Faculty of Economics and Business

Universitas Jenderal Soedirman

Volume 2, Number 12, December 2016

Editorial

“Light up the candles! Sing the joy song to throw the sorrow away!” **Merry Christmas to you who celebrate it!** May the joy of Christmas filling through your heart! While we stand on the edge of 2016, our IPro are busy right now. There are a lot of activities and events that happens during this month. Let us see! Gooo!!!

Memories in Wage Market

First story comes from our international students that have been staying at Jenderal Soedirman University for 2 Years. Yup, their names are Susan Gari, Jane Bira, and Winnie Rose. They are coming from PNG and Solomon Islands.

The story began when three of them were taking course of Entrepreneurship with Mr.

Hartono Surya as our lecturer. He gave the class a task to be sellers in Wage Market on December 14, 2016. It was great experience for them! So, why do you hesitate to be entrepreneur? We hope the experience from three exchanged student can encourage you to be the good entrepreneur. Psstt, they also met students from Faculty of Engineering who get the same task! Hehe.

Going to Takamatsu

Congratulations! After passed many processes of selection, two of our students now can join Student Exchange and Double Degree Program to study in Takamatsu University, Japan. Those two students are Garind Trio Destiny and Hantiko Syahid Faruqi

Subechan. Once again, Congratulations for both of you! We hope you do well and be healthy, always!

Class from Takamatsu University's Professor

Last but not least, our story now comes from Takamatsu University that visited us last December. Beside doing the selection for exchange program candidates, they also gave us some lecturing about Takamatsu University, Geographical Condition of Japan, and Economics Development in Japan. Our speaker was Prof.

Maruyama. Since he spoke in Japanese Language, so we prepared translators for audiences. As we know, that Japan is one of developed countries in Asia. So, we can learn as many as possible from Japan and we can implement it to our country. It's such a great experience to learn from the Professor about Japan especially in Japanese Language.

We would do like to say thank you to Prof. Maruyama for such a great experience and new knowledge that we hopefully can implement it on the future. We wish you healthy and can go home safely.

December Farewell!

“Good bye isn't the end, farewell my friends”

After more than 3 months of internship in our International Program. Many joys, sorrow, and others feeling that they have been through. Yet they have to leave this month. Thank you for your hard work, patience, and knowledge. We might share it, and shape the better future.

I hope we give you the best memories here. Keep your spirit to change the worlds! Have a safe flight and farewell my friend, farewell!
