

Editorial

“All furnished, all in arms; All plum’d like estridges that with the wind Bated like eagles having lately bathed; Glittering in golden coats like images; As full of spirit as the month of May. And gorgeous as the sun at midsummer; Wanton as youthful goats, wild as young bulls.” -William Shakespeare-

The month full of blossoms has come, May, which most people relate as the most beautiful month of the year. First news comes from our last intern, Mr. Edwin Reynald Yaovin Mensah, who had to say goodbye to us this month. Since May is also the graduation month, many of our students also celebrate their graduation day this month with a new tradition that may come a little fun and cute. Another thing we had this month is the screening of the next candidates of our international internship program. As the one of the part of International Program, D-III International Business Study Program also had a very rough and busy days this month, they’re preparing to face their accreditation assessment and visitation at the end of the month. Last not but least, this month we also celebrate 2 birthdays of our staffs.

Adieux Monsieur Edwin Reynald Yaovin Mensah

May is widely known as a beautiful month, but unfortunately we have to say goodbye again to our last intern. Mr. Edwin Mensah finished his 1 month intern at May 20th. He said that he had a good time while staying in Indonesia, especially UNSOED. The people are very nice and students are very great that he had fun while attend the class. He said that if he had the opportunity again after comeback to France, he really want to go to Indonesia

again. He would like to explore our country beautiful sites next time for vacation.

It was nice to meet you, Mr. Edwin Mensah. Good luck for everything and hope we can see you again in another opportunity! Goodbye!

New Students Tradition in Celebrating Graduation

Since the June Graduation period had been forwarded to May, a lot of students try to pursue their graduation this month.

A lot of students celebrated their official graduated status after comprehensive examinations with their friends. An interesting thing came since the appearance of the new traditions of the students to celebrate their graduation. Usually, the friends of the students will prepare all of the things for the celebration. They will wait outside the room for the students to finish the comprehensive exam and prepare the flower, crown, sometimes cake, and balloons with S and E initial for the degree the students will receive. The mandatory thing for the student is to take a

picture inside the international program office at the receptionist desk, and then later on they will take picture in front of the “Faculty of Economics and Business” statue in front of the Roedhiro Building. What a nice things to do to your friend right?

Interview with New Intern Candidates

On Thursday, May 26th, we held an online interview session with our new intern candidates via skype. There are two candidates from Poland who applied for the internship program, Anna and Evelina. They tell us how they love travelling and how they’re so excited about coming to Indonesia. Good luck for both of them, and they will come here at summer around August or September.

Accreditation Assessment and Visitation Preparation

This month at May 31st, D-III International Business Program will face a visitation for the accreditation assessment. The team had been working hard to prepare for this visitation. Goodluck for D-III International Business and hope they can increase their accreditation status from B to A.

Happy Birthday Mr. Heru and Ms. Zahro

This month we celebrate 2 birthdays of our staffs. The first birthday is at May 11th for Mr. Heru. This year Mr. Heru celebrates his 51st birthday. The second birthday is at May 18th for Ms. Zahro. This year she celebrates her 23rd birthday. They both celebrated their birthday by buying the whole international family lunch. Happy Birthday for both of

them! Wish they both have a wonderful, happy, and healthy birthday. May this year bring them good luck, fortune, and success. God Bless!!
